Interest on town notes,	120 00
Miscellaneous bills,	422 12
Cash on hand February 15, 1901,	1,650 82
	<hr/>
	\$11,294 88

I have orders from the selectmen for all the above payments

Abatements are for non-resident persons, and water troughs.

Pauper bills are mostly county. Part has already been received from the county, the balance will be reckoned in next year's receipts.

There has been quite a sum expended during the past year for repairs on bridges, also for breaking roads and cutting ice at the time of the heavy snow storm and freshet of last spring, still our highway bills have not been excessively large.

The town has received \$90.00 from the International Paper Company, to be applied towards repairs on the abutment of the Jackman bridge.

There are several town officers' bills that are still unpaid, which accounts for the small sum under this heading.

Miscellaneous bills include repairs on road machine, insurance on bridges, return of births and deaths, care of cemeteries, printing reports and all other bills not included under the above heads.

---

#### INDEBTEDNESS.

Coupons outstanding,	\$ 10 00
Orders outstanding,	775 44
Town notes,	3,000 00
Accrued Interest,	55.00
	<hr/>
	\$3,840 44

---

#### ASSETS.

Due from real estate bid off by town,	\$ 339 53
Due from W. B. Blandin, collector, uncollected taxes,	895 47
Due from John G. Marston, collector,	288 82
Due from county,	247 39
Due on unredeemed real estate which the town has taken deeds off the past year,	207 04
Cash,	1650 82
Indebtedness over assets February 15, 1901.	211 37
	<hr/>
	\$3,840 44

"Outstanding orders" does not include one order of \$500.00, which we expect to pay on town notes at an early date.

---

#### TRUST FUNDS.

The town has three legacies which it holds in trust. The Hutchins legacy of \$1,500.00 consists of three bonds of \$500.00 each. The income of \$60.00 from these is used for the care of the village and West Bath cemeteries, the balance, if any, is for the use of the town.

The Simonds legacy of \$500.00 has an income of \$20.00,

which is used to care for the Simonds lot, the balance is for town purposes. The Hibbard legacy of \$1,000.00 has an income of \$40.00 which is for the care of the Hibbard lot, the balance to be used for school purposes.

Most respectfully submitted,

HARRY H. HALL, Treasurer.

I have examined the accounts of the treasurer and collector for the year ending February 15, 1901 and find them correctly cast and properly vouched.

C. C. FOSTER, Auditor.

Bath, N. H., February 15, 1901.

## Selectmen's Report.

---

The selectmen of the town of Bath respectfully submit the following report of the expenditures for the year ending February 15, 1901. The various disbursements are given in detail.

The treasurer's report shows the total receipts of the year.

Total amount of orders for the year ending February 15, 1901, as shown by the order book, \$10,096.57.

Rate, per cent of taxation for purposes in Union school district per \$100,		\$2 40
Rate, per cent of taxation for all purposes in Woodsville division per \$100,		\$1 60

There are two notes in Newbury National bank of \$1,500.00 each, standing against the town, which amount to \$3,000.00. The interest has been paid up to August 25, 1900. We have also paid an indorsement of \$500.00 on the same February 15, 1901.

J. G. Marston, collector, has completed his tax sale of real estate for taxes assessed in 1897, by giving a collector's deed to the Town of Bath of the following property, viz.:

J. L. Daniels, homestead, consideration	\$74 00
Alvah Davis, homestead, consideration	7 22
G. R. Howland, homestead, consideration	69 38
Mrs. F. P. Moulton, homestead, consideration	19 89

Fred M. Leighton has also completed his tax sale of real estate for taxes assessed in 1896, by giving a collector's deed to the Town of Bath, of the following property, viz. :

Mrs. F. P. Moulton, homestead, consideration	\$21 54
Mrs. Fred Chase, homestead, consideration	6 47
Alvah Davis, homestead, consideration	8 54

Al Willoughby recovered judgment in suit against the town and costs of \$12.70 were assessed. The court also ordered an abatement of assessment of one third from real estate as appraised in April, 1899, for any and all purposes relating to Woodsville Union high school district.

The value of real estate in the town has been cut nearly one-third throughout the town. This brings the rate a little higher but does not affect the amount of each tax very much.

We would recommend that the town raise \$500 to be applied to the town notes. Also for highways and bridges, \$2,000. For Memorial day, \$10. For town library, \$100. For town officers, \$500. For town poor, \$25.

All of which is respectfully submitted,

M. R. TEWKSBURY,	} Selectmen

## Auditor's Report.

---

Your auditor found the books of the town in good condition. All bills have been properly receipted and show that the selectmen were careful and looked out for the interest of the town.

The disbursements as shown by the treasurer in his report, will not agree with the corresponding amounts as shown in the selectmen's report, because the treasurer has paid orders that were given last year, and there are outstanding (not paid) amounting to \$775.44, therefore there must be a difference in the amount shown.

The new roads built by the selectmen in 1897 have not been surveyed or bounds established. This should be done and a record made and recorded in the town clerk's books. Also the old roads which were washed out, abandoned, should be discontinued by a vote of the town. This same fact was reported by your auditor last year.

Respectfully submitted,

C. C. FOSTER, Auditor.

I have examined the foregoing report and find it correctly made and orders given for each disbursement. The treasurer's accounts have been correctly kept and properly vouched.

C. C. FOSTER, Auditor.

Bath, N. H., March 1, 1901.

To the people of the town of Bath the following report of the Bath Union School District is most respectfully submitted:

During the past year 36 weeks of school have been kept, which seems to be about as long a school year as we can profitably keep the school in session, and which is some 6 weeks longer than the outlying districts have. Mr. Woodward, our principal, who has served so faithfully for nearly five years, we feel is still doing earnest work for the interest of the school. Three new teachers have been hired this year, May T. Grout for the high school,

Nettie P. Merrill, primary, and Martha A. Loud, music, our former staff having resigned to accept better positions elsewhere.

We have again been fortunate in securing a very efficient staff of teachers, and we hope some means will be devised whereby we may be able to keep our good teachers year after year. As it is now, changing each year is not for the best interests of the school. The course in music started last year has been kept up, Miss Loud filling the position of instructor very acceptably.

Our teacher in the primary room, Miss Merrill, is a graduate of the State Normal school at Plymouth, and seems well adapted to the position.

Miss Grout, the high school assistant, is a teacher of some previous experience which renders her services especially valuable.

Last June a class of four were graduated from the high school. This year if all hold out to the end the class will be larger. The attendance has not been as good as it ought to be. This condition of affairs cannot well be remedied as long as the parents are just as well satisfied to have their children out of school as in.

We wish we could impress upon the minds of parents the importance of having their children attend school regularly. Some of them in 160 half-day sessions stayed out 91 half-days, with no valid excuse for so doing. What schooling they get in this way is so disconnected that it amounts to nothing and they might as well stay out all the time. In one instance the pupil stayed out because "I don't like the teacher," and at 15 cannot write a letter that would pass in a kindergarten. Here are one or two excuses copied verbatim from the record book: "I didn't come yesterday because mama was afraid I would get my shoulders wet." "I couldn't come because I had to go to the village for papa." This one lived so that he had to go through the village to get to the schoolhouse. We are, however, very glad to report that these remarks apply to but a small part of the school. The majority never miss a session of school if it is possible for them to attend, and those are the ones that stand well in their classes.

We hope some definite move will be made toward bringing in at least three of the smaller districts to unite with this one to the mutual advantage of all concerned.

The financial report shows us to be in a little better condition than last year.

We would again earnestly request all those interested in the school to visit it often and see just how affairs are conducted in all departments ; then any criticism of methods could at least be intelligently made.

To the people of the town of Bath the following report of the trustees of the Public library is most respectfully submitted.

During the past year the library has been rearranged, classified and a complete catalog issued.

This work has been done mainly by the Rev W. J. Leonard, who having had years of experience in this work was especially fitted for the task. How well he has done it the library and catalog will show. He not only spent a great amount of time and labor in getting out the proof for the catalog, but he attended to the duties of librarian during the year. While asking nothing for his services, the selectmen, in view of the invaluable nature of those services, voted him \$40.00. It was thought advisable to move the library to its present quarters. This was accordingly done in the early fall without expense to the town. The advantages are a better room at one half the rent, while the insurance which was formerly \$12.00 per year is now \$6.00 for three years, or only one-sixth as much.

One new book case has been built and the old ones remodeled so that their capacity is doubled, this work being done by John Hibbard without expense to the town. A new system of record keeping greatly simplifies and abbreviates the work of the librarian. During the year there have been added to the library 125 new books, besides 22 government reports, making 147 volumes in all. Of these books 62 volumes were bought of Harper Brothers at a 75 per cent reduction in price. The regular list price on these books was \$121.00. We paid \$30.25. All these books are standard works and good imprints. Among the other books purchased are some of the best of modern fiction, recent works on science, art, literature, etc.

Some of the old books that were badly worn out have been rebound and many more were repaired by Mr. Leonard. The average circulation each week has been about 50 volumes.

While the library has among its volumes representatives of science, biography, religion, poetry, history, sociology, philosophy, travel and education as well as fiction, we yet need more books in these classes.

By furnishing the best books a healthy literary taste may be developed in a community which will be of great benefit to all.

The library will be open for inspection by the towns people on town meeting day.
